Subject: **PCB Screw Change for 6-Btn 3KG1 Standard Products**

This Product Advisory Notice is to alert you that Grayhill is changing the drive style of a screw used in our 6-Btn 3KG1 standard product. Our records show that you have purchased at least one of the affected part numbers in the past 5 years. ***Please forward this notification to the appropriate person(s) in your organization.***

Description of Change

The thread-forming screw that attaches the PCB to the plastic backplate is changing from a Phillips to a Torx drive style. *This screw is internal to the keypad assembly and does not affect the customer.*

Reason for Change

Torx version of the screw has greater availability in the market and is easier to install.

Effective Date

Products shipped from Grayhill on or after September 14, 2026, may use the new screw. Grayhill has full batch traceability of the part used on all production batches.

Action Required

Please contact your Grayhill, Inc. Sales Area Leader for further information.
