

# PRODUCT ADVISORY NOTICE

---

## KEEPING YOU INFORMED OF PRODUCT CHANGES

---

**To:** All Customers, Sales Representatives and Distributors

**Date:** May 7, 2015

**Subject:** Change of Manufacturing Site for Standard 3J Series Vehicle Display Controllers

This Product Advisory Notice is to alert you that there is a coming process change to all Grayhill standard 3J Series products. Our records show your company has purchased one or more of the affected part numbers in the past. Please forward this notification to the appropriate person(s) in your organization.

### **Description of Change**

We are opening up a new 66,000 ft<sup>2</sup> state of the art manufacturing facility in nearby McCook, IL (2.7 miles from our current facility) to produce higher level assemblies. The quality systems (including the work instructions, control plans, quality database, etc.) equipment, manufacturing engineers, technicians, supervisors and operators will be the same as are used to build the products today.

For equipment being transferred, our Quality Control group will be performing installation qualification (IQ), operational qualification (OQ) and performance qualification (PQ).

For product being transferred, our Quality Control group will conduct a level 2 PPAP on representative samples of each product series.

**Reason for Change:** Production capacity expansion as a result of revenue growth.

**Effective Date:** The change will be effective on August 31, 2015 for the 3J Series products.
