

PRODUCT ADVISORY NOTICE

KEEPING YOU INFORMED OF PRODUCT CHANGES

To: All Customers, Sales Representatives and Distributors

Date: September 26, 2022

Subject: Grayhill Gen 1.0 and 2.0 3J and 3K Additional Site of Manufacture

Reason

Grayhill is adding manufacturing capacity for 3J/3K Gen 1.0 and Gen 2.0 products in our Shenzhen, P.R.C. factory. Allocating Shenzhen capacity to these products allows Grayhill manufacturing flexibility.

Please forward this notification to the appropriate person(s) in your organization.

Description of Change

Grayhill has produced electronic modules for Vehicle Solutions customers in Shenzhen since 2015. Grayhill's Shenzhen P.R.C. factory mirrors our McCook, Illinois facility using identical equipment and materials. Equipment and process validation work has been performed many times along with product validation of several Vehicle Solution products.

Producing 3J/3K Gen 1.0 and Gen 2.0 products in Shenzhen required replicating nesting and assembly fixtures along with setting up duplicate product testers. Shenzhen production of standard products began in March 2022. Adding custom legend versions of our standard 3J/3K Gen 1.0 and Gen 2.0 products requires only setting up final product tester vision verification.

Shenzhen P.R.C. production will utilize identical materials and processes. All piece parts are identical to U.S.A. production utilizing the same approved suppliers. Processes utilize identical materials (RTV, solder, flux, etc.).

Grayhill will coordinate a First Article Inspection for each part number produced in Shenzhen. This first article inspection validates the configuration values, label details, and overall product functionality.

Effective Date

Grayhill will authorize our Shenzhen, P.R.C. factory to produce the listed products as of October 10, 2022. Shenzhen production will likely occur on orders requested at the beginning of 2023 and beyond.

Part Numbers Affected

Custom legend versions listed in appendix.

Action Required

Please contact your Grayhill, Inc. Business Development Manager, if you have any questions.
