

PRODUCT ADVISORY NOTICE

KEEPING YOU INFORMED OF PRODUCT CHANGES

To: All Customers, Sales Representatives and Distributors

Date: September 28, 2026

Subject: LCD Change – 3D32 3.2" CANbus Displays

This Product Advisory Notice is to alert you that the LCD in the 3D32 display is being discontinued by its supplier.

Our records show your company has purchased one or more of the affected part numbers in the past.

Please forward this notification to the appropriate person(s) in your organization.

Reason for Change

The LCD used in the 3D32 display is being discontinued by its supplier. It is estimated that Grayhill will run out of the current 3.2-inch LCDs sometime in January 2027, at which point production will transition to the new LCD. The new LCD is a drop-in replacement with the same performance.

Description of Change

The standard display part numbers listed in Table 1 and custom display part numbers listed in Table 2 will be updated with the new LCD as the stock of the existing LCD is depleted.

Effective Date

It is estimated that stock of the current LCD will be depleted by Date Code 2703 (week 3 of 2027).
